For Ladies and Children  
Every Saturday at

The Elite Theatre

First Prize--1 pound box Candy  
Second Prize--Half pound Candy  
Third Prize--Quarter pound Candy

## DR. STEINER LAST NIGHT

Last night the last entertainment this year to be given under the High School Lyceum Course was given at the High School gymnasium. This was a lecture by Dr. Edward A. Steiner, and was one of the best entertainments of the course. Dr. Steiner is recognized as a big man in the lecture field.

John Reed was in from the south side Wednesday and made a pleasant call at the Democrat office while attending to other business matters. He reports the roads in bad shape out his way, and like about all of the south side farmers he is wondering how and when the road south to the George Hart corner can be put into shape. Mr. Reed reports that the wheat prospects are good out that way and that the present indications point to another good crop this year. He has some old wheat on hand yet and says he will dispose of it as soon as the roads get in shape for hauling for he is of the opinion that the market has about reached the top. Incidentally, Mr. Reed had his name placed on the big list of people of Barton and adjoining counties who will read The Daily Democrat the coming year.

H. F. Miller, of southeast of the city, was in Wednesday looking after business matters and advertising a big public sale which he will have at his place on February 17th. Ben recently sold his half section of land to Abraham Ferris, of the Seward neighborhood, and he is going to have a big sale and dispose of his live stock, farm machinery, etc. Col. Keenen and Col. McCormick will cry the sale.

"Do I want The Daily Democrat?" writes R. E. Mauler, of Olinz. "Sure I do, and enclosed you will find a check for a year's subscription in advance. You can count me in on being a booster for a good thing every time." Incidentally, in his letter, Rudy remarks that his wife is away at the Springs at the present time, and for once he is the whole boss around the place.

Robert Doonan of northwest of town, was visiting with friends and attending to business matters in the city Saturday. Mr. Doonan believes in helping a good thing along so he not only forked over the cash for a year's subscription to The Daily Democrat, but he also had the check made large enough to pay for the paper the coming year to his son, Leslie.

Fred Walker returned to Kansas City Saturday evening after a business trip and visit of a few days here. The Daily Democrat will keep him posted on the Barton county news in the future.

## THE STAR FAMILY.

Since announcement was made a few weeks ago of the new Daily Democrat, a number of our good friends and supporters have come into the office and not only subscribed for the paper for themselves but also for relatives and friends in order that the project should be boosted along and the paper have a good big subscription list right from the start, but it remains, so far, for the J. M. Brining family to be the real star members of the Democrat family of subscribers as The Daily Democrat will go into five homes of members of the Brining family. Mr. and Mrs. Brining of this city, will read the paper for the next year as will also their son, Ray, who lives on the farm west of town, and in addition another son, Wesley, who was attending college in Quincy Ills., but who left that city a few days ago to accept a position in Michigan, will keep posted on the home news, also their daughter, Mrs. J. M. Mitchell who lives at Dennis, Kan., thru The Daily Democrat, and in addition Mrs. Brining has ordered the paper sent to a sister, Mrs. Briggs, who lives in California. If the Democrat only had a few thousand more families as loyal supporters as the Brining family, we would soon have a subscription list that would put the Kansas City Star to shame.

EARLY

## SPOKE LAST NIGHT.

Peter W. Collins, formerly International Secretary of the International Brotherhood of Electrical Workers spoke at the Library Hall last night on the subject, "Why Socialism is Opposed to the Labor Movement."

Levi Gunn was in from the west side Monday on a business trip and visit and called at this office to hand in the cash for a year's subscription to The Daily Democrat.

Mrs. George Greene was visiting with relatives and friends in Hutchinson the first of the week. W. S. and Harve Johnson each had a shipment of cattle on the Kansas City markets this week.

W. J. Grossardt, of Claflin, is among the many from that vicinity who this week sent in their remittances for a year's subscription to The Daily Democrat.

Will Morrison returned the last of the week from a visit with his brother, Charles and family, at Jefferson, Okla., and left on Monday for his home in Denver, after a visit here with Jack Morrison and family.

County Attorney R. Coe Russell made a business trip to Colorado Springs and other points in that vicinity the first of the week.

Mrs. Will Vollmer and daughter were in Ellinwood Sunday spending the day with Mr. and Mrs. Jas. friends.

Mr. and Mrs. Clarence Morrison left Monday morning for California where they will take in the big World's Fair and visit at other points of interest in that state for several weeks. Jack Garrison will have charge of the jewelry store during his absence.

Charles Moses returned to his home in Chicago the first of the week after a visit here with his brother and sister, E. R. Moses and Mrs. C. P. Townsley, and their families.

Friends of E. W. Moses will be glad to hear that his health is steadily improving. The climate of California will soon put back the "pep" and E. W. will be as well as ever.

Mr. and Mrs. George Scheuffer are in Kansas City this week taking in the sights of the big automobile show and visiting with friends.

## OBSERVATIONS.

(By The Old Man.)

I have observed that the lady who is voted the best entertainer is not the one who devotes more time to fashion plates than to cook books.

At least that is the verdict of the average male entertainer. The stomach is more appreciative than the eye, and a good mince pit is more satisfying than a feminine waist squeezed out of Nature's shape.

I know one "he" reporter who always winds up his report of a "function" with: "Delicious refreshments were served." When ten-to-one the refreshments only consisted of an oblong wafer with a dash of spiced cream in the middle of it.

The Great Bend Band ought to have a uniform, to be in harmony with the new militia company. "By the great horn spoons," as Rube Charles would say, let us have the uniforms; but let 'em be—not red.

Kansas is not shedding any tears over the influx of China eggs and supposed injury to the hen industry of this country, although but a short time ago some fool newspaper men were throwing all kinds of fits about that coming menace.

I have often noticed that the weaker the mind, the smaller things it takes to throw it off balance. Then again, it is sometimes a belly full of prunes.

He who skips—in other words, runs away from his wife and family, may live to come back another day and renew the scrap, although I have noticed that there are two ends to a rainbow, as well as to a family squabble.

Bill Tinker's "Pants Club" is growing some. Bill says if the people will only realize how important it is to the general public that he get a new pair of pants he will not be long in getting that \$1. He already has joiners to the extent of 15 cents, and the thing-a-mum-bob is going up. He will presumably make a trip to Dundee this week to see a pair that he will have for sale there at \$5. Bill says he has also got his eye on a little better pair, at \$5.98, and if he can induce his friends to come through with that first dollar he may spring himself and work the pants man for the more expensive pair. Just as well go in the whole for \$4.98 as for \$4.

## MASQUERADE FEBRUARY 15.

The Maennerchor of this city has announced the date of their annual masquerade ball at their hall on Monday night, February 15th. Preparations are being made to make this event one of the best the organization has ever held and you should begin now to prepare for the occasion.—Ellinwood Leader.

Charlie Wilkins, an old time Barton county boy, is here this week, visiting his sister, Mrs. Hugh Beyers, of near Heizer, and other relatives and friends. He will remain this week in this neighborhood when he will go to eastern Kansas to live. For the past four years Charlie has been at Baton, N. M., but the call of Kansas was too much for him and he had to come back.

J. O. Sipes came in Monday from Arizona to see his mother, Mrs. A. M. Sipes, who has been seriously ill for some time. Mrs. Sipes is reported as somewhat better at this time but is still in a critical condition.

L. B. Wilcox says he is too busy to write an ad for the weekly Democrat, but watch his space in the first issue of The Daily Democrat. He'll have something important to say then.

Sam Shattuck was down from Hoisington Tuesday.

Charley Mayo, one of the hustling and popular Claflin merchants, was here last week on a business trip and for a visit with his friends and while in the city, called to order The Daily Democrat sent to his address for the coming year. The Evans-Mayo Mercantile Co., is one of the largest establishments in the county, and their standing in their trade territory is attested by the enormous patronage which they enjoy, and Mr. Mayo reports that the past year has been a very satisfactory one for the firm in every way. In commenting upon the high price of wheat he gave it as his opinion that the cereal has about reached its high price and he is inclined to believe that it is a mighty good time for the farmers to unload.

You Economical Buyers, read the ads in The Daily Democrat, February 15th.

## CATARRH OF KIDNEYS AND BLADDER

Peruna Saved Me

Mrs. Powers, whose address is given below her portrait, is an ardent friend of Peruna. She says: "I am thankful to tell you that my old trouble has never bothered me any since you received my testimonial. Any one wishing to know the facts in my case, if they will write me I will be glad to answer. Your medicine has saved me, and gave me perfect health. I frequently meet friends that knew me when I was in poor health. They ask me what has made such a change in me. I always tell them that it was the nerve remedy, Peruna. I shall praise Peruna as long as I live."

## Catarrh of the Internal Organs

Mrs. A. T. Powers, R. R. 7, Box 121, London, Ohio, writes: "I write to thank you for the wonderful good your Peruna has done for me. I was a sufferer from kidney and bladder trouble for twenty-two years. Two years ago I began to take Peruna, and I only took about three bottles and today I can say I am a well person."

Catarrh is liable to affect any of the internal organs. This is especially true of the bladder, which is very frequently the seat of catarrh. This is sometimes called cystitis.

Mr. James M. Powell, No. 1629 W. Walnut St., Rosedale, Kansas, writes: "About four years ago I suffered with a severe catarrh of the bladder, which caused continued irritation and pain. I was miserable and could not stand up or walk for any length of time without extreme weariness and pain. I began taking Peruna and it greatly relieved me and in eleven weeks I was completely cured, and felt like a new man."

Those who object to liquid medicine can now procure Peruna in Tablet form.

## A CARD FROM BERLIN.

A postal card from Mr. Fritz Huttman, who is now in Berlin, Germany, to Mr. and Mrs. Martin Musil of Ellinwood, reads as follows:

Berlin, Dec. 30, 1914.

Dear Friends:—I wish you both health, happiness and prosperity for the coming year. Since seeing and hearing of the heroic and valiant deeds of the Germans, I am more than proud of being of German nationality. It is wonderful to be over here and watch the daily progress of this fearful war. Germany is going to carry off a big victory, I am sure.

Your friend,  
FRITZ HUTTMAN.

## WILL HAVE BIG SALE.

Auctioneer P. L. Keenan was up from the Seward neighborhood last Friday evening and left an order at the Democrat office for the bills and advertising for a big sale which he will cry for A. W. Ackerman, at the old Henry Hill farm, 2 1/2 miles east and 3 miles south of Seward, on Monday, February 22nd. Included in the list of stock and other property offered for sale are 7 head of good horses; 3 good young milk cows; 7 shoats; lots of good farm machinery, harness, etc., as well as all of the buildings on the place, consisting of an extra good five room story and a half house, all well finished and in good shape; outbuildings. Mr. Ackerman is going to move away and is making a complete clean-up and every thing put up will be sold to the highest bidder, and if any of our readers are going to need anything offered on the list it will pay them to keep the date in mind and attend this sale.
